<p>extracurricular activities of the University - cultural, sports, social and volunteer events held by the University and (or) third parties and the results of such participation, as well as due to this Consent</p>	<p>researches, projects, and their results, participation in extracurricular activities of the University such as cultural, sports, social and volunteer events conducted by the University and (or) third parties</p> <p>14. ensuring the current level of security at the University, including the current access regime and monitoring its compliance, video surveillance and video recording in the territory and premises of the University, as well as in other organizations in accordance with contracts with such organizations</p> <p>15. identifying the Personal Data Owner</p> <p>16. promoting goods, works, services of the University on the market</p> <p>17. implementing the statutory activities of the University</p> <p>18. accumulating information about persons interacting with the University and subsequent archival storage of such information in the information systems of the University, including, but not limited to the educational process management system</p> <p>19. forming a unified community of students and graduates to increase interest in learning and interdisciplinary integration</p> <p>20. military, migration, statistical accounting and other reporting carried out by the University</p> <p>21. providing medical care, including the organization of preliminary and periodic medical examinations</p>	
---	---	--

Personal data can be processed both automatically and non-automatically. The University has the right to store (archive storage) and complete documents and personal data, including those in the form of electronic (digital) documents (originals and copies), in electronic databases inclusive. The Personal Data Owner may withdraw the Consent in case of violation of the established rules for processing personal data and in other cases provided for by Federal Law No. 152-ФЗ of 27.07.2006 "On Personal Data" by submitting a written application to the University, indicating the reasoned reasons for its withdrawal. The University's personal data information systems can function using virtual computing environment services provided by third parties. In accordance with the requirements of the applicable legislation on communications, the University may transfer the personal data of users of the University's communication networks to telecom operators to the extent established by the requirements of the legislation on communications.

This Consent to personal data processing is valid for 5 (five) years from the date of its submission. If the Personal Data Owner becomes a student of the University (recipient of educational services) during the specified period of processing their personal data, the Consent extends its validity for the Personal Data Owner's period of studies, and expires after 5 (five) years from the date of graduation (termination of educational services, termination of educational relations). Such a period does not limit the University in the organization of archival storage of documents containing personal data, including those in electronic (digital) form.

In order to ensure the rights of the Personal Data Owner as a student to enjoy forms of social assistance and incentives, including, but not limited to study bursaries, financial support and other monetary benefits provided for by the legislation on education, in non-cash form (to payment cards), to assist in obtaining a bank (payment) card, the Personal Data Owner provides the University with a consent to transfer the following personal data to credit institutions, in particular, to Sberbank PJSC (Vavilova str., 19): personal data provided for in items 1, 4, 8, 9, 10, 11, 13,14 of the table; the University has the right to process the data of the Personal Data Owner's bank account to provide social assistance and incentives.

The Personal Data Owner gives their consent to the University to use their image within the meaning of Article 152.1 of the Civil Code of the Russian Federation in order to ensure openness and transparency of the educative process.

**Consent to the processing of personal data,
which the Personal Data Owner allowed to distribute**
